

Coach David Webster

It's not often you have the opportunity to work along side a legend. With multiple conference, regional and state awards, this individual has left a positive mark on children for many generations. He might have even taught some of our graduates grandparents. (sorry Web, couldn't resist) If you didn't read the newspaper this morning, we are in jeopardy of losing one of the greatest men I've ever known.....due to budget cuts.

Beyond the athletic fields, the impact Coach David Webster continues to have after 40 plus years of coaching and teaching is remarkable. He is truly a special individual. Our newest Wall of Fame inductee My co worker and my friend Coach David Webster.
